### FI FH ANNUAL PROGRAM FOR ACHIEVEMENT DAY IN COUNTY NEGRO SCHOOLS

The fifth annual Achievement Day program was held at Carver High School on Friday, October 15. The program was attended by eight clubs, with single entries totaling over 250 exhibits. These included projects covering gardens, vegetables, corn, tobacco, calves, swine, in addition to booth and basket displays.

The most outstanding club as to total exhibits and prizes won was the Spout Spring 4-H Club. Under the leadership of Mrs. Theda Harris, who is the proud owner of a ten-year 4-H Meritorious Service Certificate and gold pin, this club won 10 of the first place awards out of a possible 26, and 10 of the 30 second place awards, and placed first in the table exhibit with the greatest variety and quality of products. Spout Spring was the undisputed winner of the large trophy cup which represents outstanding club achievements for 1948.

The entire program was planned and directed by the 4-H Council. The program was divided into three sections. Following the entries in the morning an intra-county softball game was played between the organized 4-H Club team at the high school and 4-H members throughout the county. The second section was the livestock and poultry judging. The third division was the afternoon assembly program, featuring awards announcements, and guest speakers.

The speakers were Miss Hallie Hudges, State Girls 4-H Club Agent and Mr. Walter Berryman, State Delegate who attended the 4-H Regional Camp at Southern University in Louisiana.

The judges were: Mr. J. E. Settle head of Animal Husbandry at Va. State College; Mr. M. C. Hardin, Farm Agent, Lunenburg; Mr. M. J. Edwards, Farm Agent, Cumberland Co. And Mrs. B. G. Anderson, Home Demonstration Agent for Appomattox County.

Mr. J. A. Burke, County Superintendent of Schools, for the fifth year granted permission for all the 4-H members to attend; the board of Supervisors appropriated $100.00 for cash awards. The attendance was over 350 people.

From where I sit ... *by* Joe Marsh

**"Husbands, Wives, and Marriage"**

Maybe you read that survey published recently in a national magazine called "Husbands, Wives, and Sex?"

It showed that among *happily* married couples, those who criticized their marital partners outnumbered those criticized the other person. Among unhappily married couples, it was just the opposite—they recommended more criticism of the other.

That's the way it is in our town, and I guess it's in yours. Criticism, whether it's of a wife's taste for hats or a husband's taste for pipe tobacco and an evening glass of beer or ale, is a sure start towards unhappiness.

As for what *made* happy marriages, *companionship within the home* was listed most important of all. And from where I sit, a husband and wife who can spend an evening by the fire—with nothing more exciting than a mellow glass of beer, and a friendly conversation—are a truly well-matched couple!

**They're mighty good folks to have around...**

These four good people have worked for this company a total of 88 years. The average for *all* 28,000 Esso Standard Oil workers today is almost 14 years with the company!

*In a time like this, workers like these are mighty good ones to have on the job—good not just for the company, but also for you.*

**Their extra measure of skill, experience and job loyalty is setting amazing records in *production* to help meet an all-time record high demand for gasoline and heating oil and other products.**

One reason these extra-good workers are here today is simply the extra-good *jobs* they have at Esso Standard.

Over 30 years ago, the company set up an unusual "good jobs policy." It was based on the belief that better jobs would mean better workers, and that would mean a better company.

*Since then, with our workers, we have developed plans which give every Esso Standard worker such job advantages as these: uniformly good wage scales... vacations with pay... special benefits in case of sickness or accidents... chance to advance in the company... cash savings in a Thrift Plan... fair treatment at all job levels... and planned retirement with steady income assured for life.*

All this was done as a matter of good business. It has given good business results. Not a strike or major work disturbance in over 30 years. Steady, skillful workers on the job. Records in production when the country needs record supply of product. Yes... they're mighty good folks to have around, from your point of view and from ours!
